Advancing Surgery - Together!

4 SEPTEMBER 2026
STOCKHOLM // SWEDEN

WELCOME TO THE NORDIC RAWS - ROCS 2026!

We are bringing together specialists from different countries to tackle the challenges the enteric fistula and open abdomen cases present. Our goal is to create a collaborative environment where all delegates can openly discuss, learn from one another, and ultimately elevate the standard of care. These patients often face significant challenges, and our collective effort can make a real impact on their quality of life.

TARGET AUDIENCE

We expect 100-150 surgeons will join the Symposium. Our target audience includes surgeons at all levels.

We aim to bring experts who will deliver a comprehensive curriculum designed to empower surgeons who may not specialize in this area but encounter these complications in their practice.

THE SYMPOSIUM WILL BE ESPECIALLY RELEVANT FOR

- ✓ Colorectal Surgeons
- ✓ Emergency Surgeons
- ✓ Oncology Surgeons
- ✓ AWR Surgeons
- ✓ General Surgeons
- ✓ Intensive Care Specialists
